TEST REPORT

EN 13759

Furniture - Operating mechanisms for seating and sofa-beds - Test methods

Report reference No. : ENC2209099GZ36E1

Tested by : Sam Liu

Review by (+ Signature) : Yemig

Approved by (+ signature) : Ray Zhou

Date of issue : Sep. 14, 2022

Contents : Total 7 pages

Testing laboratory

Name : East Notice Certification Service Co., Ltd.

Address : 1/F, Haohui Commercial Building, Zhuji Street, Dongpu Town, Tianhe District, Guangzhou City, China

Testing location : Same as above

Application

Name : Guangzhou Sanyou Beauty Equipment Co., Ltd.

Address : No. 33, Shihushan Avenue, Tanbu Town, Huadu District, Guangzhou, China

Manufacturer

Name : Guangzhou Sanyou Beauty Equipment Co., Ltd.

Address : No. 33, Shihushan Avenue, Tanbu Town, Huadu District, Guangzhou, China

Test specification

Standard : EN 13759:2012

Test procedure : CE

Procedure deviation : N/A

Non-standard test method : N/A

Test Report Form/blank test report

Test Report Form No. : ENC13759-A1

TRF originator. : ENC

Test item

Description : Multifunctional Beauty Bed

Brand name : N/A

Model and/or type reference : SY-008

Series models : N/A

Rating(s) : Safe working load: 400kg

The results shown in this test report refer only to the sample(s) tested unless otherwise stated and the sample(s) are retained for 30 days only. The document is issued by ENC, this document can not be reproduced except in full with our prior written permission. The document is available on request and the brief information for its validation can be assessable and confirmed at <http://www.enc-lab.com>.

Test case verdicts

Test case does not apply to the test object.....: N(/A)
Test item does meet the requirement: P(ass)
Test item does not meet the requirement.....: F(ail)

Testing

Date of receipt of test item: Sep. 9, 2022
Date(s) of performance of test: Sep. 9, 2022 – Sep. 14, 2022

General remarks

This test report shall not be reproduced except in full without the written approval of the testing laboratory.
The test results presented in this report relate only to the item tested.
"(see remark #)" refers to a remark appended to the report.
"(see appended table)" refers to a table appended to the report.
Throughout this report a comma is used as the decimal separator.
When determining the test result, measurement uncertainty has been considered.
Note:
This report shall not be altered, increase and deleted.
The results relate only to the items tested.
This report shall not be published as advertisement without the approval of ENC.
This report shall not be copied partly without the written approval of ENC.
Should any objections to the test reports occurred, should submit it to the Company within ten days since the issuing of the report, Fail to accept.

Special description:

1. All tests are basic on model SY-008.
2. Ambient temperature is 25°C.

Summary of testing

All tests were found satisfactory in accordance with EN 13759:2012.

Marking on the appliance:

CE

EN 13759			
Clause	Requirement - Test	Result	Verdict
4	Test apparatus		P
4.1	Test dummy		P
	For seating occupied during operation the test dummy shown in Figure 1 shall be utilised. The test dummy shall be manufactured from a smooth, rigid material.		P
	 <p>Figure 1</p>		
	The sections shall be connected together via a hinging mechanism that does not inhibit the movement of the dummy sections relative to each other.		P
	The total mass of the dummy including any hinge mechanisms shall be 100 kg.		N/A
	NOTE For items of furniture designed to be used by heavier people, the weight of the user can be distributed using the weight distribution pattern shown.	Increase to 400kg according to customer requirements	P

The results shown in this test report refer only to the sample(s) tested unless otherwise stated and the sample(s) are retained for 30 days only. The document is issued by ENC, this document cannot be reproduced except in full with our prior written permission. The document is available on request and the brief information for its validation can be assessable and confirmed at <http://www.enc-lab.com>.

EN 13759			
Clause	Requirement - Test	Result	Verdict
	For seating occupied during operation, the weight distribution of the sections of the test dummy shall be in accordance with Table 1:		P
Table 1	Test dummy section including appropriate hinge mechanism	weight distribution	--
	Head	5 %	P
	Upper body	54 %	P
	Upper leg	24 %	P
	Lower leg	17 %	P

5	Test procedure		P
5.1	Functional assessment		P
	In order to determine the appropriate test procedure(s) for the item of seating, the functional operation(s) shall be examined.		P
	The examination shall be used to describe the manner of operation of the item of seating. The description shall include at least the following:		--
	- means of operation (e.g. power, body movement),		P
	- stages of operation,		P
	- time taken to carry out operation(s), and		P
	- wherever possible, the forces exerted.		P
	For seating:		--
	a) actions required to recline/tilt the item of seating (including the release of locking devices), such as pressing the arms and thereby reducing the load on the seat, or other ways of moving the weight of the test person from one part of the item of seating to another;		P
	b) actions required to bring the item of seating to the upright position including for example, an extra load being applied to the foot rest, or other ways of moving the weight of the test person from one part of the item of seating to another.		P
	For convertible sofa-beds:		N/A
	c) actions required to convert the bed into a sofa,		N/A
	d) actions required to convert a sofa into a bed.		N/A
5.2	Durability test	(see appended table)	P

The results shown in this test report refer only to the sample(s) tested unless otherwise stated and the sample(s) are retained for 30 days only. The document is issued by ENC, this document cannot be reproduced except in full with our prior written permission. The document is available on request and the brief information for its validation can be assessable and confirmed at <http://www.enc-lab.com>.

EN 13759			
Clause	Requirement - Test	Result	Verdict
5.2.1	Set up procedure		P
	Testing shall be carried out as closely to the manner of operation described (see 5.1) as is practically possible, and sufficiently slowly to ensure that kinetic heating does not occur.		P
	For electrically operated seating, the cycle rate shall be the cycle rate recommended by the manufacturer. When the duty cycle is not recommended by the manufacturer, the rate shall be "three cycles on and then off for the equivalent time it takes to run fifteen cycles".		N/A
	NOTE The duty cycle may be increased when temperature control is agreed upon with the manufacturer.		N/A
5.2.2	Furniture not occupied during operation of mechanism		P
	The mechanisms shall be operated for the required number of cycles.		P
5.2.3	Furniture occupied during operation of the mechanism		P
	The mechanisms shall be operated with the item of seating loaded in accordance with 4.1 for the required number of cycles.		P
	Seating which can be operated both when the item of seating is occupied and when there is no one in the item of seating shall be tested as described for furniture occupied during operation of the mechanism.		P

5.2	TABLE: Durability test		P
	The strength tests required were carried out in accordance with the standard.		—
	Item:	SY-008	—
	Initial Inspection:	No Apparent Faults	—
	Conditioning:	—	N/A
	Calculation for number of cycles over a 10 year period	Result	Test
	Cycles Per Day (estimated)	1	Convertible Sofa Bed
	Cycles Per Year (approx.)	365	Reclining Chair
	Cycles Over 10 Years	3650	Tilting Chair
			N/A

Certification of Conformity

EU - General Product Safety Directive - 2001/95/EC

Registration No.: ENC2209099GZ36

Applicant : Guangzhou Sanyou Beauty Equipment Co., Ltd.

Applicant Address : No. 33, Shihushan Avenue, Tanbu Town, Huadu District, Guangzhou, China

Product Designation : Multifunctional Beauty Bed

Model Number : SY-008

Brand Name : N/A

Manufacturer : Guangzhou Sanyou Beauty Equipment Co., Ltd.

Manufacturer Address : No. 33, Shihushan Avenue, Tanbu Town, Huadu District, Guangzhou, China

The submitted products have been tested by us with the listed standard and found in compliance with the following European Standards:

Directive	Applied Standards	Test Report No.
GPSD 2001/95/EC	EN 13759:2012	ENC2209099GZ36E1

This certificate is based on an evaluation of a sample of the above mentioned product. Technical report and documentation are at the licence applicant's disposal. This certificate does not imply assessment of the series-production of the product. The CE markings as shown below can be affixed on the product after preparation of necessary technical documentation.
